Applications close 1st November

Guidelines.....

In 2011 Alloy Yachts International Ltd, gifted FYD Waitakere \$50,000 to be used for scholarships for the further education of FYD Waitakere students.

The Scholarship is available to support education that is beyond secondary school level; for example tertiary education or specific task related courses.

The total amount available each year is fixed at \$5,000. It will cover course costs/fees only.

It will be given to one or two worthy recipients each year (if two are selected the funds will be shared).

FYD Waitakere & Alloy Yachts senior staff will select the final recipient/s. Winners will be notified by 20th December.

Payment will be made upon receiving an invoice, directly to the education provider.

Recipients agree to: submitting twice yearly reports to FYD with grade/attendance information and signing a consent form which outlines all other responsibilities.

Who can apply?

The scholarship is open to any FYD Waitakere student or graduate who already has gained Level 1 NCEA.

What are we looking for? Students that are passionate and determined to succeed in their chosen industry. Applications need to cover information on the course you want to take, why, and where you dream it will take you.

Please put your application in writing directly to FYD Waitakere by 1st November. You may also include supporting information such as references, school reports and any other information you believe is relevant.
